## **CONDITIONS OF SALE**

### **BIDDING**

The highest bidder to be the Purchaser and no bidding shall be retracted after the hammer has fallen. The Auctioneers reserve the right to refuse any bidding and, in the event of any dispute, the lot may be put up again at the Auctioneers' discretion.

### **RESERVES**

All lots are put up for sale subject to any reserve price imposed by the Vendor and the right of the Vendor to bid either personally or by any other person who may be the Auctioneer.

### **DESCRIPTION**

The description of the various lots is believed to be correct. In the absence of a specific number of bales approximate numbers of bales in each lot are given in the catalogue, but it must be emphasised that this information is given for guidance only. No warranty as to weight, quality or condition can be given and an intending Purchaser must inspect any lot in which he is interested and raise any queries with the Auctioneers before the lot is sold.

### **PRODUCE SAMPLES**

Vendors are encouraged to bring produce samples to the sale car park. These are for guidance purposes only and cannot be treated as a substitute for viewing a complete stack or clamp on the farm.

### **PAYMENTS**

All lots are sold for cash and must be paid for in full in the sale room at the end of the auction by either cash, card or cheque. Prospective Purchasers, unknown to the Auctioneers, are requested to pay by card or cash. If paying by cheque, no lot can be removed for seven days or until the cheque has been cleared (except with the written permission of the Auctioneers). Payment may be organised by BACS credit transfer.

### **METHOD OF SALE**

The bales are sold per lot described, not on a tonnage value and prospective Purchasers must make their own estimate of weight. Where exact numbers of bales are stated the Purchaser must make arrangements with the Vendor to ensure that the numbers loaded are counted and agreed at the time of removal from the farm. Clamped Silage will be sold by weight on a price per tonne basis. Purchasers will be required to go to an approved public local weighbridge to get both the gross and tare weight of each load. Purchasers will be required to provide the Vendor with a copy of the weigh ticket in order that he can keep a record of the quantities of silage that have been collected from the farm. Lots sold per tonne should be paid for in the sale room on the maximum weights estimated by the Auctioneers and a final adjustment will be made when all weigh tickets have been provided by the Purchaser. All weigh tickets must be produced to the Auctioneers within seven days of removal of each lot.

### **REMOVAL**

All lots must be removed from the farm as specified within the catalogue. Failure to remove lots within the timescale shall result in the Purchaser paying a penalty of 10% of the sale price per week for each lot, or part of a lot until final clearance. The Purchaser shall indemnify the Vendor against any damage that may be caused against fences, buildings, etc in the course of the removal of any lot. The labour for clearance of each lot, other than help with loading to the lorry, is the sole responsibility of the Purchaser. Rick sheets and covers remain the property of the Vendor.

### **ORDER OF SALE**

The produce will be offered for sale in the order lotted within the catalogue but the Auctioneers do reserve the right to make any alterations if so requested by the Vendors.

### **LIABILITY**

Neither the Vendor nor the Auctioneers will be responsible for any lots lost or damaged by fire, theft, accident or otherwise from the fall of the hammer and all lots are the Purchaser's responsibility from the fall of the hammer.

## **NON COMPLIANCE WITH CONDITIONS**

Upon failure to comply with any of the above Conditions, the Auctioneers may re-sell the lot or lots by public or private auction, without notice to the former Purchaser and the deficiency (if any) by such second sale, together with all charges attending the same, shall be made good by the defaulter.

## **SALE AFTER AUCTION**

The Auctioneers sell as Agents for the Vendor and in the event of non-sale in the sale room any future negotiations must be made through the Auctioneers as Agents for the Vendor. These Conditions of Sale will apply, subject to any written arrangements to the contrary.

## **MOVEMENT RESTRICTIONS**

In the event of the farm becoming subject to movement restrictions due to contagious or other disease regulations the Vendor will be under no obligation to release the fodder to the Purchaser until such restrictions are lifted. In these circumstances the Purchaser will be entitled to interest on his payment from the Vendor from the date of imposition of movement restrictions until the date of removal at Barclays Bank plc base rate.

## **ADDITIONAL INFORMATION**

The Auctioneers will be pleased to supply additional information on any particular lot so far as they are able, as to quantity, quality, position and assistance with loading, where applicable.

## **COMMISSIONS**

The Auctioneers will also be pleased to carry out any written commissions for those not able to attend the sale and will purchase lots as cheaply as allowed by other bidders. Such commissions must be accompanied by a banker's draft if so requested.

## **INSURANCE**

Buyers are reminded that each lot is their responsibility from the fall of the hammer and that adequate insurance cover for all risks should be taken out at once.

## **VIEWING**

Please carry this catalogue with you as evidence of your permission to view and make yourself known at the farmhouse on arrival.
