

**SALE REPORT**

**80<sup>th</sup> Midshires Produce Auction – Tuesday 9<sup>th</sup> March 2021**

Stuart was pleased to make a return to the rostrum following his successful knee replacement, and once again the weather stayed dry at Onley Equestrian Centre for the final Produce Auction of the season.

With one eye on the weather forecast farmers had to decide for long winter is likely to continue. The demand for silage, haylage and hay was strong, however prices for straw, particularly Quadrant bales was approximately 10% down on the February sale.

With thanks to the support of the vendors and purchasers we look forward to seeing you at the next season's sales starting in December.
